Malang, Jawa Timur

I am a dedicated Information Systems student at Atma Jaya Yogyakarta University with a strong foundation in Website and Android development. My internship experience as a full-stack web developer at Astra has equipped me with hands-on skills in building and optimizing digital solutions. I am enthusiastic to learn about new things and have aspirations in the technology field, especially in website and android development as well as exploring the opportunities that lie ahead of me.

Work Experiences

Astra Otoparts - Jakarta   Sep 2024 - Dec 2024
Full Stack Web Developer (internship kampus merdeka MBKM)
Member of Astra International

- Successfully managed 5 projects as a full-stack developer, including creating 3 projects from scratch with a focus on developing website, designing system flowcharts, and ensuring robust functionality.
- Optimized and enhanced 2 pre-existing projects while achieving all project milestones within a 4 month period, demonstrating efficiency, attention to detail, and a commitment to delivering high-quality results.

Freelance Web Development - Salon Keyla Jogja   Sep 2023 - Dec 2023
Full Stack Web Developer
